SEASON OF 1914-'15

Superior Field - Grown Roses

This season we have the finest stock of field-grown budded roses ever offered—even better than those delivered last season.

The very fact that our roses grown in the Coast counties have given such universal satisfaction is in line with the policy which we have been following for a number of years now to grow stock of all descriptions in localities best suited to its perfect development. There is another advantage in our Coast-grown roses and that is, whatever is necessary, these roses can be taken up in November and shipped—a decided advantage to many nurserymen whose trade requires delivery in the Fall of the year.

Those who handled this stock last season have already signified their intentions of buying no other this year—which only goes to show that our roses give entire satisfaction.

The quotations named are net. Packing materials additional. Early shipments will be made direct from San Jose.

These roses are tied in bundles of ten, and we would appreciate it if orders were made as far as possible in multiples of this number.

Sales will be made subject to stock being unsold when order is received, with the understanding that if stock should become injured by frost, hail, fire or other causes beyond our control, the order will be void.

We exercise the greatest care in keeping all varieties true to name, but it is mutually agreed to between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price of the stock.

Orders from unknown correspondents must be accompanied by remittance or satisfactory references.

ABBREVIATIONS.

Ban., Banksia; **Ben.**, Bengal; **Bour.**, Bourbon; **H. B.**, Hybrid Briar; **H. N.**, Hybrid Noisette; **H. P.**, Hybrid Perpetual; **H. T.**, Hybrid Tea; **Misc.**, Miscellaneous; **M.**, Moss; **N.**, Noisette; **Poly.**, Polyantha; **Pr.**, Prairie; **Rug.**, Rugosa; **T.**, Tea; **Wich.**, Wichuriana.
